66-'67 PATRIN

Santa Rosa Junior College

Santa Rosa, California

Foreword

Throughout each school year at Santa Rosa Junior College many events take place. Many people come to our campus—some to visit, some to learn, some to instruct. Without these people our college could not exist. So, it is *for* these people the PATRIN staff began their work to produce a yearbook.

This year's editors and staff have strived to produce an outstanding book, through content, planning, and designing. It is our belief that a school year is comprised of nine months, September through June. Although September is ending of a summer vacation, it is also a beginning. For freshmen here at J.C. it was the start of a new experience in life, and for the sophomores it was the beginning of an end. And yet that end is still another beginning.

And so, with these thoughts in mind we began to develop a book—*your* book. And now, to you, the people of Santa Rosa Junior College, we present the 1966-67 PATRIN.

September

In order to offer you a complete picture of the school year, we, the members of the Patrin staff, feel that we should present the year as it really happened—in months.

Most yearbooks traditionally divide the academic year into sections such as sports, faculty, administration, classes, clubs and graduates. We believe that this traditional pattern is both a waste of effort on the part of the staff and a letdown to the student.

Many valuable pictures were lost in previous books because they did not fit into the old format, but in this new format we were able to use many more of these pictures that would otherwise have been lost.

SEPTEMBER is, as has been said, a beginning of the new school year and an end of what may have been eventful summer. Each new year brings many new faces to the Santa Rosa Junior College campus. Some of these are students, some faculty or administration. So—for the beginning of something new—we present this book.

Board of Trustees

Members of the Santa Rosa Junior College Board of Trustees are a dedicated group of enthusiastic, intelligent, prominent business and professional men who live within the Sonoma County Junior College District. These men, unselfishly and without remuneration, offer much of their valuable time to govern the college district, which represents virtually all of Sonoma County, under the laws of the State of California. Students at Santa Rosa Junior College take this opportunity to thank these men for what they have done for the college during the 1966-67 academic year.

Rick Hankins Lays Foundation For New Student Government

Rick Hankins, the Fall Student Body President, was indeed one of the most industrious presidents in the history of the Santa Rosa Junior College.

Since his election last spring, he has worked very hard to make this a great year from all standpoints.

First of all, he helped sponsor a summer coop dance, and a Fall Orientation Conference for incoming freshmen. Along with his duties of ASB President, Rick was chairman of Student Affairs Committee, member of the Doyle Student Center Commission, (which he established), and member of the College Administrative Committee. While being president takes up most of his time, he is a journalism major with a minor in speech. He is also a member of the Oak Leaf staff, and plans to transfer to Chico State.

Fall CSA Donates Money For Food For Needy Families

This Fall's College Student Assembly, led by President Rick Hankins, was one of the most active CSA's in the history of Santa Rosa Junior College.

The most important accomplishment was the proposal and adoption of a new student body constitution. The first time the constitution was brought to the students in an election it was defeated because of a loop-hole giving CSA the right to pass any legislation with no recourse left open for the student body except by petition.

The Fall CSA also donated the budgeted allowance for their banquet, \$250, to the Salvation Army for food for needy families during Christmas.

All in all, the Fall College Student Assembly was productive, and accomplished quite a bit during the five months of the Fall Semester.

For the Fall Semester, the Advisors for student activities were Mr. Curtis Askim and Mr. Eugene Canevari. Mr. Canevari took over the job alone when Mr. Askim went on sabbatical leave to England in the Spring Semester.

Mr. Askim worked hard and long in student activities, and helped to give students a voice in the school administration. While holding this position, he advised many student body presidents, and helped in creating a better relationship between the students and the faculty.

Mr. Canevari, however, is just beginning his term as student activities advisor and has accomplished much in his short term of office. He has a great rapport with all students, and seeks to make student-faculty relations even better than they are at present.

Santa Rosa Junior College is said to be one of the best, academically, in the United States, and we feel that we also have the greatest advisors of any J.C. in the U.S.

October

OCTOBER is really the beginning of the Fall semester here at Santa Rosa Junior College. Even though the year officially starts in September, the clubs, organizations, and classes don't really get coordinated until October. October begins with the signing of new members for the clubs, and ends with Homecoming.

I. C. C. members represent S. R. J. C. clubs and organizations.

Fall 1966

Inter-Club Council

Left, Daymon Doss, Chairman; Right, Sue Bowdon, Secretary.

The Inter-Club Council, made up of representatives from each organization and club, and headed by the ASB Vice President, was really just trying its wings during the Fall Semester. Although it doesn't really have any executive power, it does coordinate the activities of the clubs and organizations, which are a vital part of J.C. life.

Without the I.C.C., there would be no real communication between the clubs and the CSA and administration.

Skiers Take to Slopes

The Ski Club, led by President Fred Dunlap, really lived up to its name this year. They started out early by taking two trips during October to Lake Berressa. Then in November, a few members of the club went to Heavenly Valley to take in some snow skiing. The club enjoyed a three day trip to Heidleman's Lodge during Christmas Vacation.

To end a perfect year, these adventurous club members took trips to the snow and water during the semester break and Easter Vacation. So, if you enjoy skiing, join the Ski Club for some real action.

Beta Chi

Becomes Foster Parent

Beta Chi turned out to be one of the most industrious clubs this year, in that they took part in many fund raising activities. First of all they held a car wash to raise money for a service project. They also helped paint toys for Christmas Unlimited. They also adopted an orphan during the Fall semester and they sold candy suckers to raise money for their child. Last of all, they more or less refereed the WLC-Delphi football game by selling programs.

A Touch of Old France

Parlez-vous français? What would you do if someone came up to you and said that? Most people would say, "What?" A greeting such as this would seem quite normal to a member of the French Club. This club is one of the most unusual on campus, to say the least. At their monthly meetings they serve French food and are entertained either by French Club members, or by guest speakers. They also serve coffee to the night school students each night to raise funds for their annual gift to the school. Getting back to their unusual activities, they also put on, annually, a Mardi Gras, complete with a King and Queen. During the party, where everyone is dressed in costumes, prizes are given for the most original and best costumes.

So for a touch of old France right here on campus, parlez with the French Club.

All through the year Delphi has managed to keep up its reputation as one of the most active clubs on campus. Along with their new uniforms, white blazers and black and white checked shirts, they have also proved to be one of the most colorful clubs on campus. They have put on three mixers, one with Mansard Hall,

one with Circle K, and one with the Vets' Club. One of the new additions to their busy schedule was also a powderpuff football game with WLC on January 6. The proceeds of which were to go to the Fall Orientation Conference, for incoming freshmen, and the local Leukemia Drive.

WLC Plays Santa Claus

WLC, certainly one of the most enthusiastic clubs on campus, has managed to make this year another busy one. As a part of their annual service project, they donated Thanksgiving baskets to three needy families, and then during the Christmas Holiday they delivered a basket of food and toys to a needy family. Also, during the holidays, they went caroling at various rest homes. In the Spring they raffled off box lunches during the Spring Club Day.

Although the Hawaiian Club isn't one of the more active on campus, during the first semester it did manage to get quite a few activities into their schedule.

One of the most important events they held was a luau. Each member brought a Hawaiian dish and a great time was enjoyed by all. Last of all, keeping with the tradition of the club, they held a beach party at Salmon Creek.

So for the island students at Santa Rosa Junior College there is the Hawaiian Club.

For this club, one of the most active on campus, hiking, rockclimbing, camping, and moonlight hiking are only some of the many activities and outings that go on each year. A snow trip during semester break was one of the big events of the year for the Hiking Club members. Led by president Nancy Samuelson, they also planned a hike for some mentally retarded children at Armstrong Grove.

M.L.C. Sponsors Car Rally During Bear Fair

Although the men's Luncheon Club isn't one of the most active on campus, they do hold somewhat of a unique contest during Bear Fair. To those of you who don't know what this is, it's more or less an obstacle course for cars. A certain number of cars are started at intervals to see which can make the best time while following signs, notes, markers, and other devices set up by M. L. C. This contest is indeed a great windup to the school year for M. L. C.

Vets Sponsor Blood Drive

L-R: Doug Holmes—Treasurer; Geoff Wycoff—Master at Arms; Norm Boyer—President; Dave Schwiesow—Secretary; Paul Racine—Vice-President. Officers not pictured: Walt Johnson—ICC Rep.; Bob Nelson—Publicity Manager.

The Vets' Club, made up entirely of ex-servicemen, is one of the most civic-minded clubs on campus. Each year they sponsor a blood drive, for our troops overseas. This, to many students is one of the most worthwhile drives put on during the school year. They also sponsored the Homecoming Dance this year at the Veterans Memorial in Santa Rosa.

IRC Represents 15 Countries

During the Fall semester, the International Relations Club, which boasts over 15 foreign students from all over the world, attended an International Family Day Picnic in Berkeley. There they listened to foreign students speak about their countries. During the spring semester they planned to sponsor an International Family Day of their own. Another special event the members of this club looked forward to was a visit from the Indian Consul General. This is truly a club for the internationally minded.

Dental Assisting Donates Gifts To Juvenile Hall

Dental Assisting, even though it is a vocational club, has been quite active throughout the year. Members of the club attended the State Dental Assistants Convention-Clinic. One of the busiest times was Christmas, when they contributed money for equipment for Cub Scouts at South Park. Also during Christmas they donated some gifts to Juvenile Hall. These gifts and the money were appreciated greatly by all.

The Santa Rosa Junior College Law Enforcement Department is one of the busiest departments on campus. Along with regulating parking during day school, they regulate parking at night, and have the duty of patrolling the entire campus. The campus police also work at the Coop Dances, taking money and seeing that there is no trouble. The students of Santa Rosa Junior College are proud to have such an efficient team working on their side.

The Forestry Club was reorganized during the fall semester at S.R.J.C., and after receiving permission from I.C.C. to function on campus, presented a speaker from the State Department of Forestry. They also held open discussions concerning the problems facing our natural resources, and showed films on that same subject. The spring semester brought participation in campus activities, and continuation of the film, speaker, and discussion program of the first semester. This is a club for the person who likes the great outdoors and wants to keep it great.

A. S. C. Raffles Off Car

The Auto Service Club is just one of the clubs on campus especially designed for those majoring in a specific field. Just as Dental Assisting is for those going into the field of dentistry, the Auto Service Club is for those going into the many fields of engineering.

One of the things they did this year was to raffle off a car. By selling tickets at \$1.00 each they managed to get quite a group of students interested in their club.

Home Economics Holds Tea

One of the things the Home Economics Club did this year was to put on a tea for many of the faculty of the Santa Rosa Junior College. This event was one of the most important of the year for many of the girls, and of course for the faculty.

Alpha Gamma Sigma Junior College Honor Society

Alpha Gamma Sigma, Theta Chapter, is a California Honor Society. S.R.J.C. is a chapter member of this society. The club is strictly for those students who earn a 3.0 grade point during any given semester. Although it is not a very active club it does sponsor some very interesting discussions throughout the school year. It is an honor to achieve membership in this club, and a greater honor to maintain that membership from one semester to the next.

Delta Psi Omega Stages Pie-fight

Delta Psi Omega started off slowly in the first semester, but in the second semester took a big breath and spewed fire. They reactivated the Masque and Sandal Club (defunct for three years) and presented a program of diversified entertainment beginning with a rip-roaring pie-fight. They ended the spring semester satisfied and looking forward to next semester and more dramatic activity.

Biggest Homecoming Ever For SRJC

SRJC had its biggest and best Homecoming during this school year. From the band concert and the Sing-Out in the afternoon to the Homecoming dance that night, all the activities were a smash. The delicious barbecue chicken dinner served 1,500 people. Many more were on hand to meet old and new friends.

After the barbecue, there were activities on Bailey Field. At 6:30 P.M., the chariot races began. Although both MLC and Circle K recorded record times, MLC broke out victors of the men's division. WLC was the winners of the women's division.

Immediately after the chariot races, the queen candidates circled the field in convertibles. They assembled in front of the cheering stands where Ceceilia Klein was crowned queen.

Although the Bear Cubs lost to Yuba College in our Homecoming game, they put on a thrilling, hard-fought 33-24 battle. It was one of the most exciting Homecoming games ever.

The memorable night ended with the Rob Roys and The Tia-Sonoma Brass providing music for the Homecoming dance.

December

DECEMBER is one of the most exciting months for those students who are involved in dramatics and wrestling.

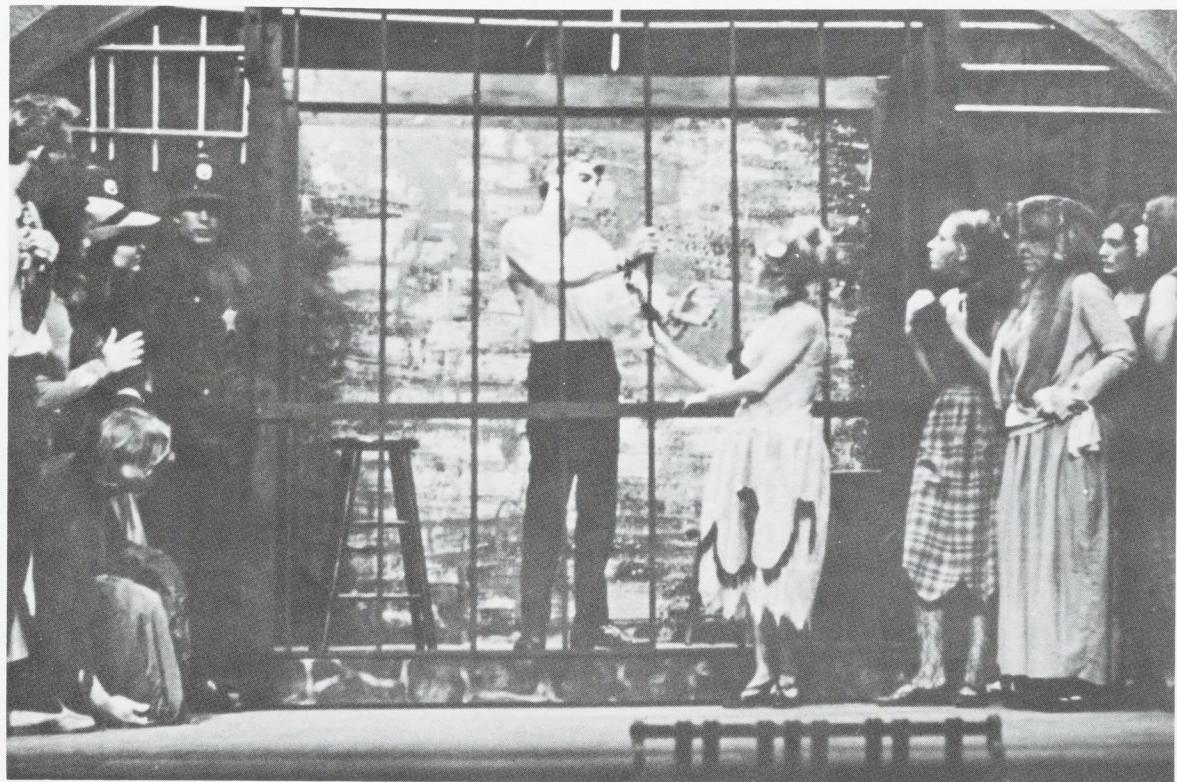

December brought forth the production of Bertolt Brecht's play, "The Threepenny Opera". The fine acting and production of the play made it a delightful experience for those who saw it.

December also brought about a great wrestling team that placed third in the Conference Dual Meets.

January

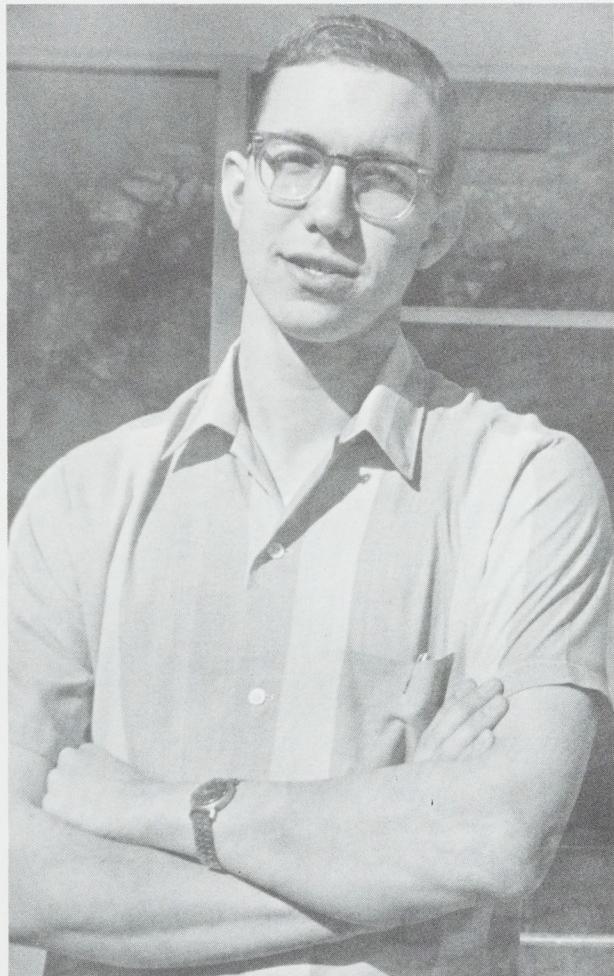

JANUARY is one of the most crucial months here at Santa Rosa Junior College for all students. For some students it means graduation, and for others it is just another set of finals. For those who just finished their first semester, their first set of finals is an experience they will never forget. January, here, begins with the appointment of a new Oak Leaf editor and ends with our basketball team.

Joanne Maxfield, Fall Editor

Fall and Spring Oak Leaf Editors

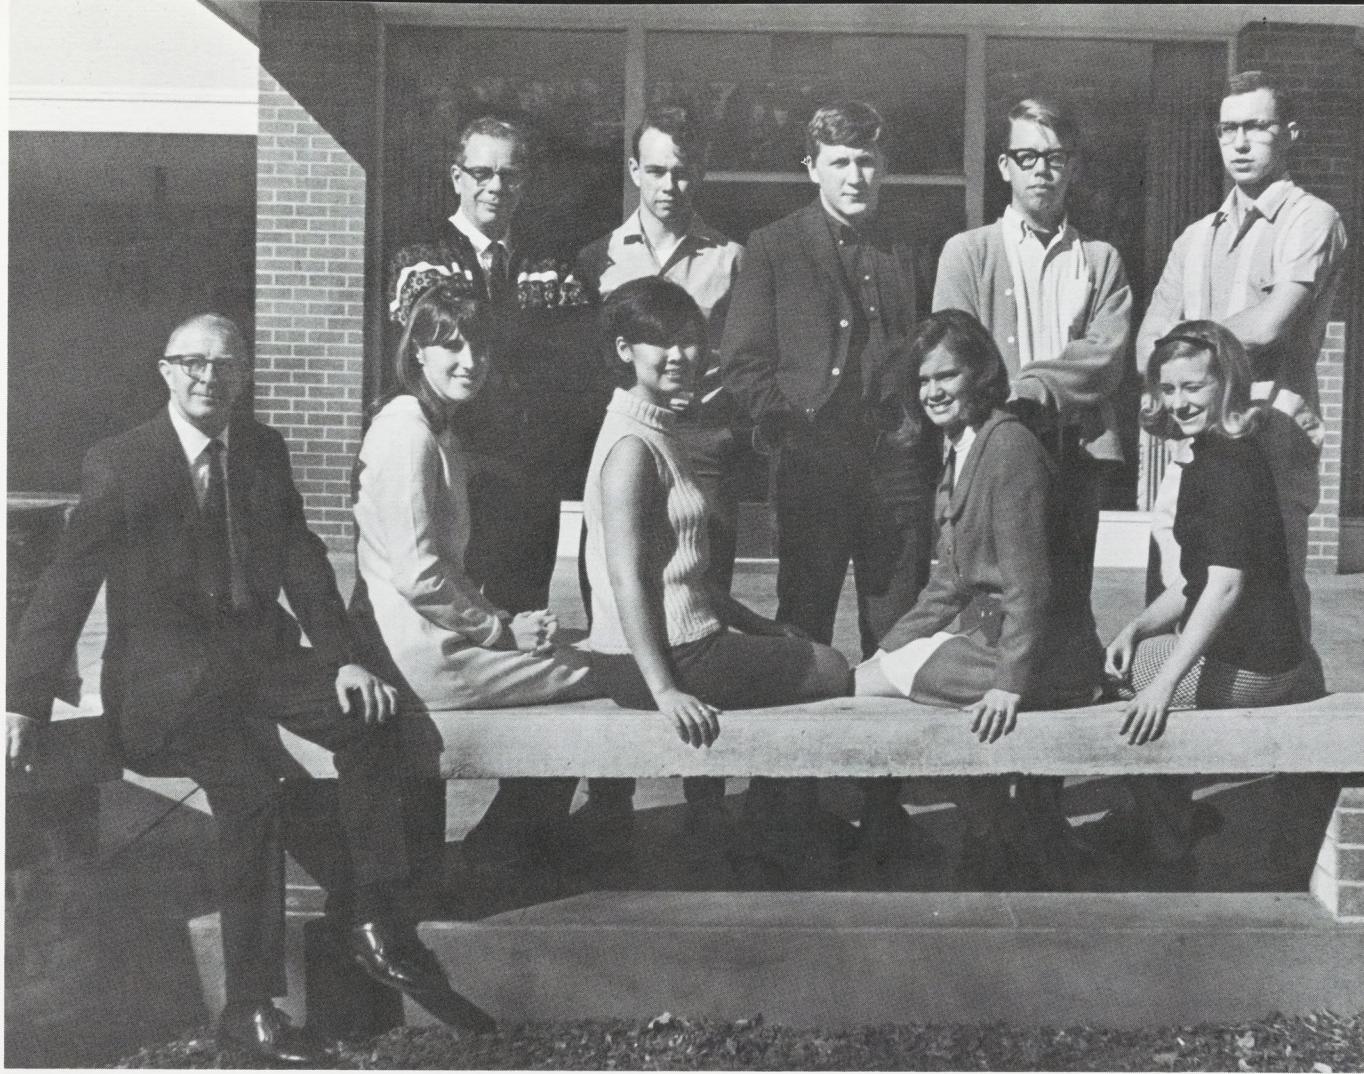

Larry Kelp, Spring Editor

Even though the fall Oak Leaf Staff consisted of only five members, 13 issues were produced to inform the student body of campus events, student government news, and sports.

Many attacks centered on the Oak Leaf concerning fall editor Joanne Maxfield's position that C.S.A. was "Mickey Mouse," and carried over to the spring when editor Larry Kelp once again attacked the governing body.

The paper began to take on a better shape when nine reporters joined the staff for the spring semester. Since there were more reporters, a wider range of subjects were able to be covered. Reporters were sent to write reviews of Mid-Day Series presentations, lectures, and sports events. Joanne Maxfield was selected to serve as Oak Leaf representative to C.S.A. The Oak Leaf spent another year informing students of campus activities.

Bear Cubs Second in Golden Valley Conference

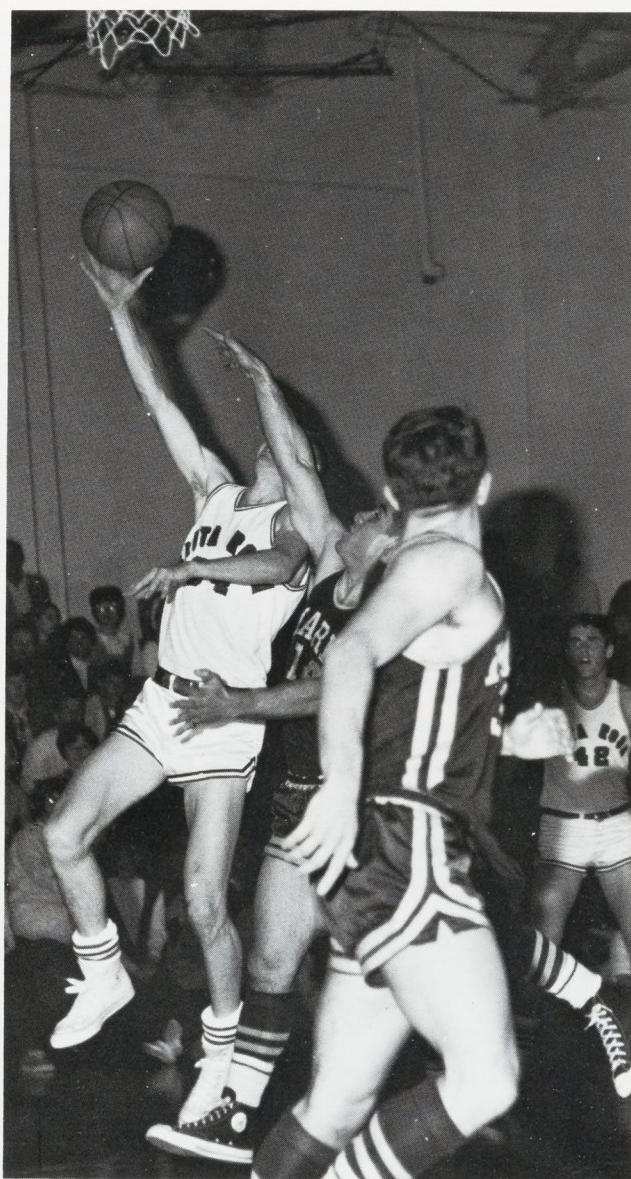

Although the Bear Cubs were off to a slow start during their pre-season games, they bounced back to take second place in conference play. They took seven games while losing seven. Their seven wins include five in a row. Impressive wins were over Napa Junior College and Marin Junior College.

February

February is the continuation for some and for others it is the start of school life here at Santa Rosa Junior College. For those who survived the January finals, it was a relief to get back to the regular routine of daily classes.

For the new student body officers it is the beginning of a new experience. So, for the beginning of a new semester, look on into the month of February.

Russ Gleason Heads

Associated Student Body

During Spring Semester

Although Russ Gleason, the Associated Student Body President, came in after the Spring Semester had started, he has managed to keep up with the pace of last semester's president Rick Hankins.

Russ has worked hard all semester in C.S.A. trying to get the I.C.C. code passed, trying to get our membership in C.F.C. clearly stated, and also trying to get more student participation in student government.

One of the most important items Russ has been working on is an Orientation Conference for incoming freshmen that would involve the entire incoming freshmen class. This, in itself, required a great amount of work and will be a great boost for student government.

In Russ Gleason, the students of Santa Rosa Junior College have found an able and qualified leader.

Clubs and Organizations on campus send representatives to I.C.C.

The Spring Inter-Club Council had a rough beginning, in that, after Club Day, the chairman resigned, and the council had to begin work all over again with a new chairman.

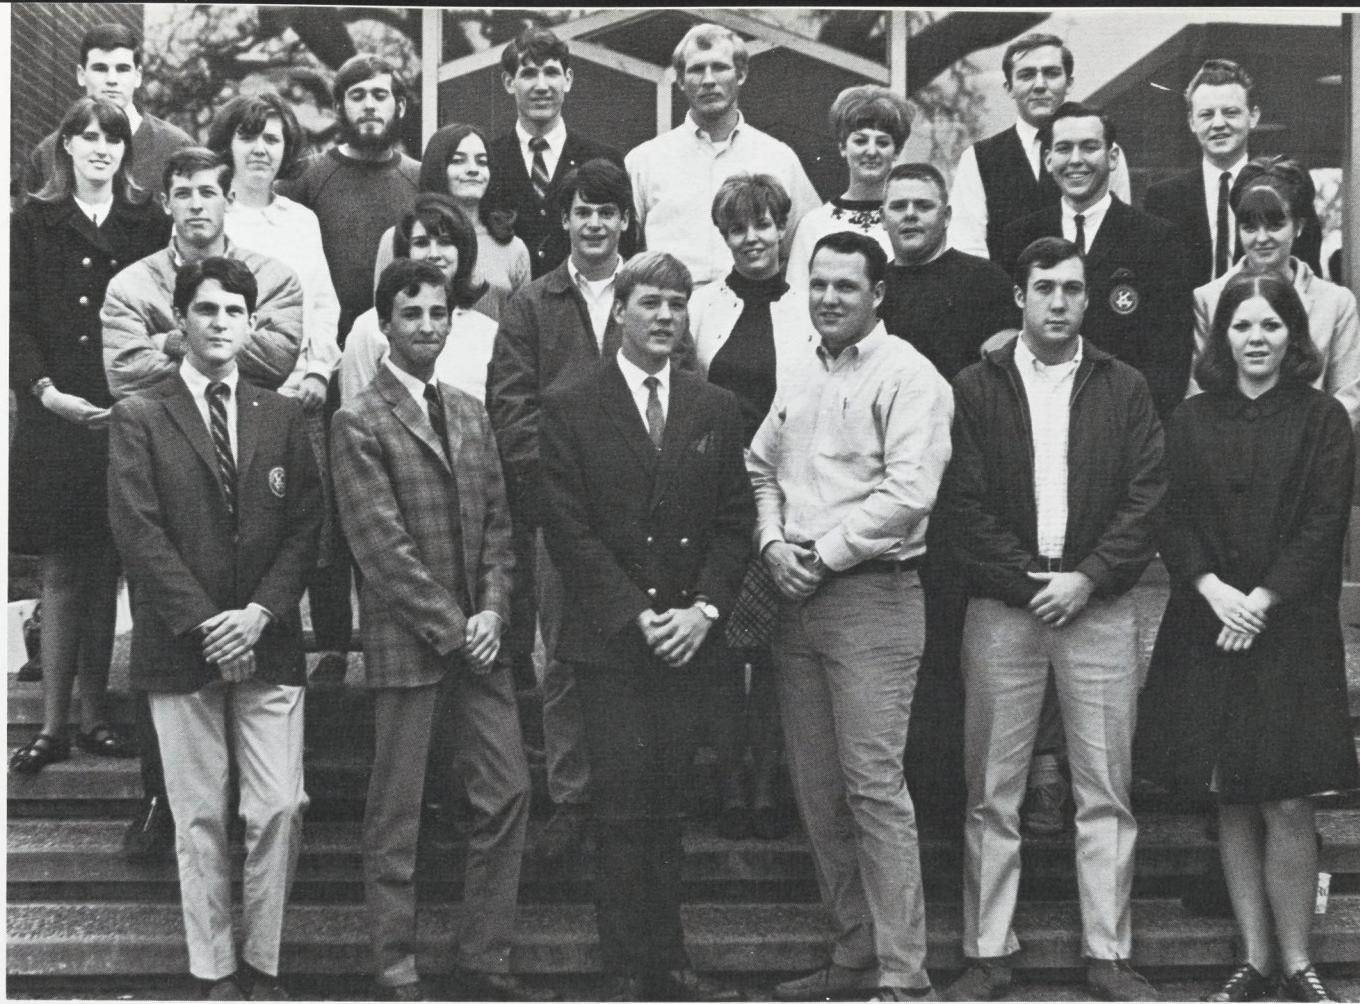

One of the main problems confronting the Spring I.C.C. was the adoption of a new I.C.C. Code. The many enemies of the code demanded that the paragraph banning selectivity be struck from the code before adoption. After some heated argument, the code was passed, controversial paragraph included, 14-1-0.

In previous semesters, the I.C.C. has been less than effective, but this semester, under the chairmanship of ASB Vice-President Norman Boyer, the I.C.C. has become an important student government organization.

Spring CSA Plagued by Resignations

The Spring College Student Assembly was plagued by the resignation of two of its presidents, its vice-president, and numerous commissioners. After all the dust settled, Russ Gleason was the new president, Norman Boyer the new vice-president, and the commissioners posts were all filled.

One of the major issues facing the Spring CSA was the adoption of the new Inter-Club Council Code. The main controversy over the code was the fact that it said that no club could use selectivity in its membership. Many of the clubs fought this, but in the end, the code was passed—selectivity and all.

Another argument took place over S.R.J.C.'s membership in the California Federation of Colleges. Many discussions centered around this controversy, and it was passed to send out dues to CFC.

The CSA also allowed the installation of a juke box in the Bear's Den. So, in spite of the many resignations, the Spring College Student Assembly was very active.

Spring Club Day Was . . .

A Hard Pull and --

A Big Splash

This year's Spring Club Day went off well. Clubs were present and accounted for, despite the threats of some to go off campus because of the Board of Trustees' ruling on selectivity.

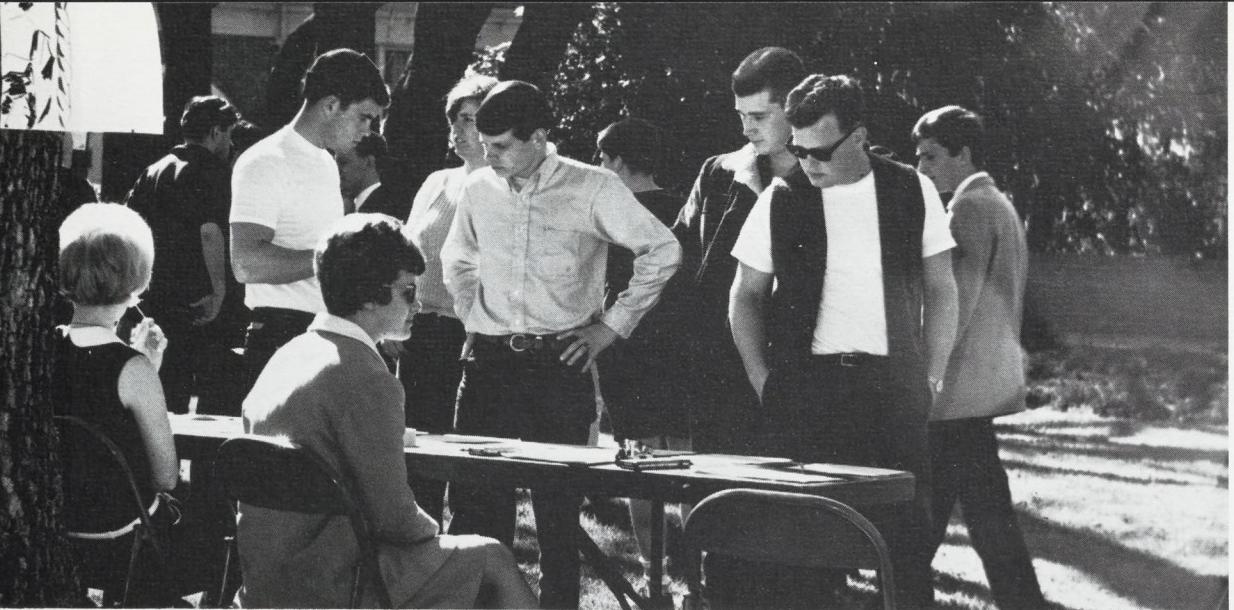

The activity started about 11:30, with everything running about 20 minutes late. First of all, WLC held a box lunch drawing. Next was Delta Psi Omega with a surprise skit. The biggest event, meanwhile, started about 12:20, and this was the tug-o-war, that was

sponsored by Circle K, and refereed by the Student Bachelors' Club. The official tug-o-war ended with the Vets' Club winning the men's trophy, and Beta Chi winning the women's trophy.

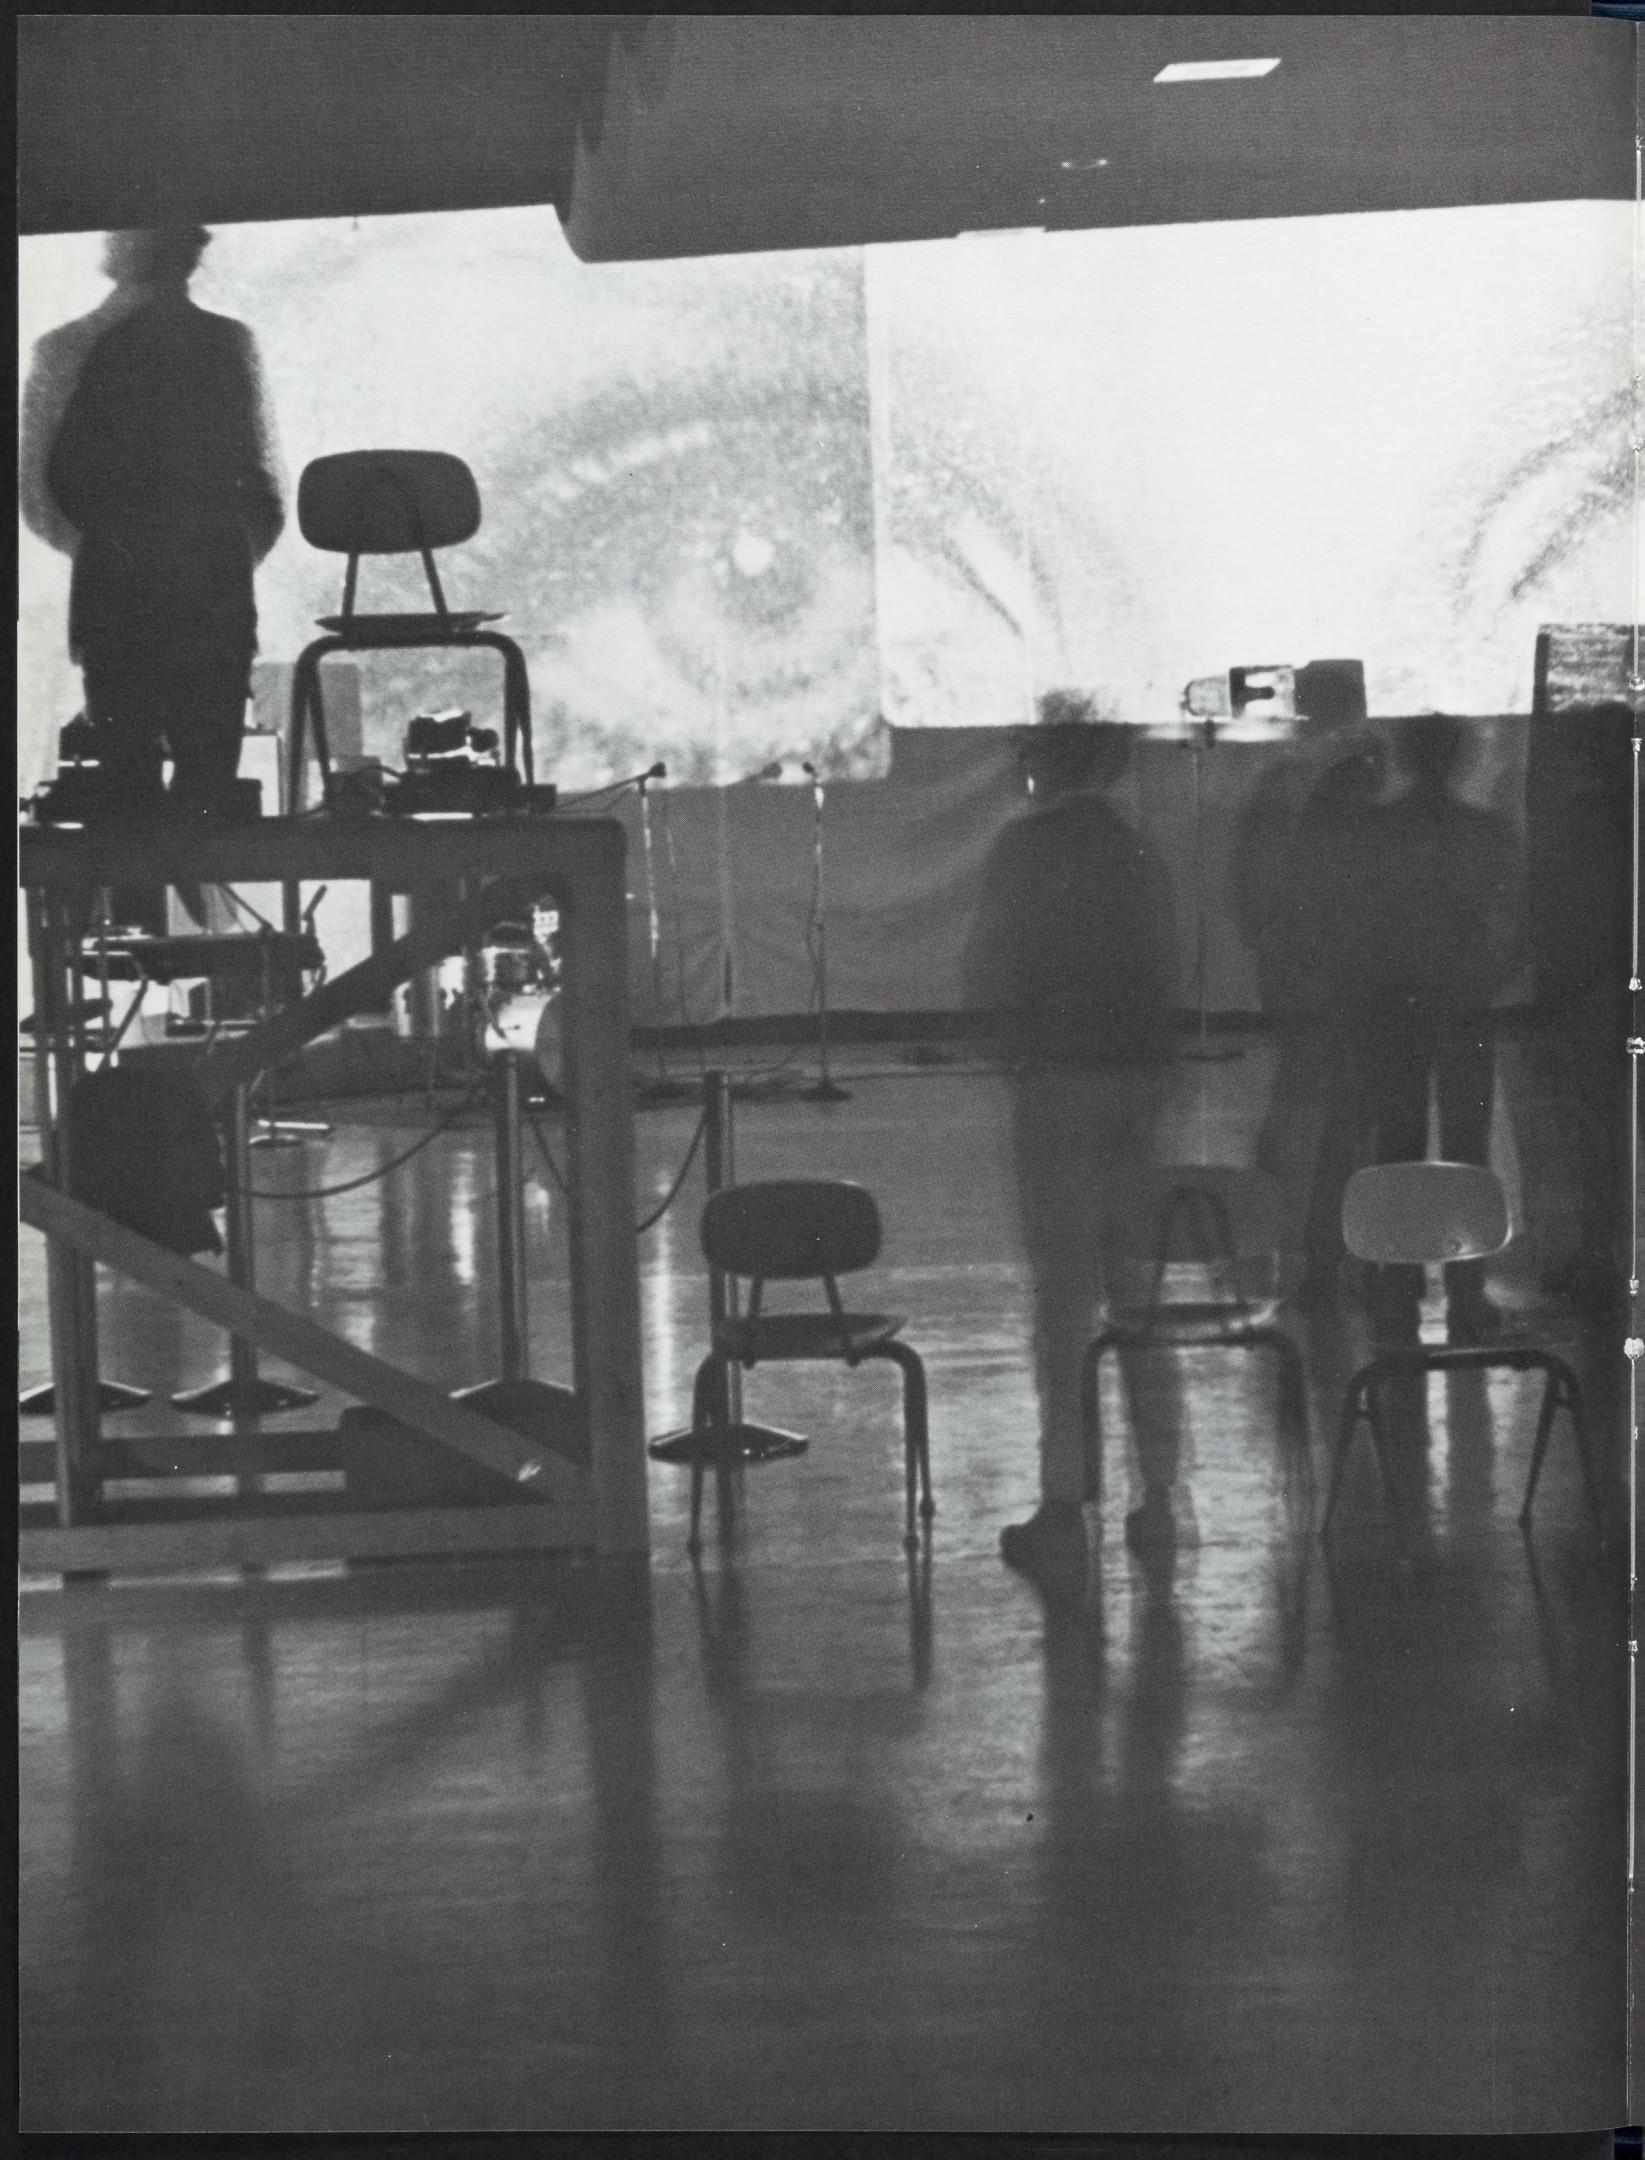

Meanwhile, back at the Activities Booth, everyone was signing up with the club they wanted to join.

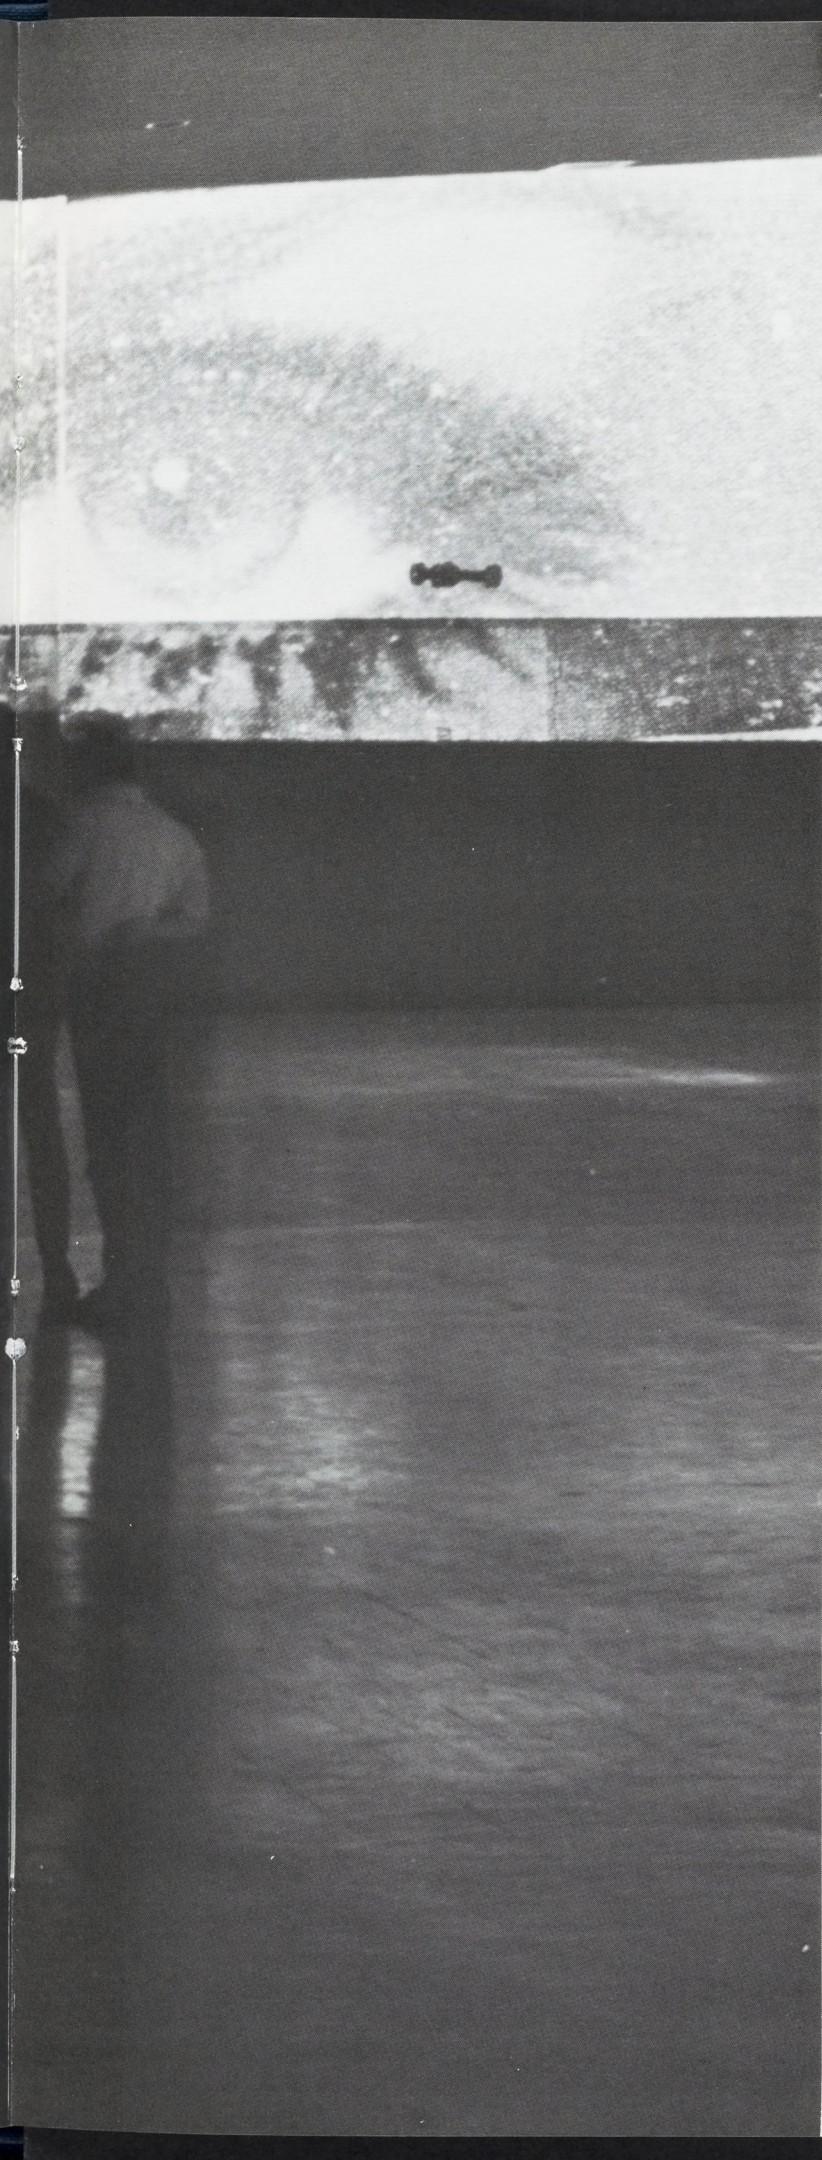

All in all, the day was a success and everyone had a great time—even the losers of the tug-o-war!

March

March was one of the most active months socially. Along with the great bands at the Coop Dances, there were many fantastic light shows put on by a campus group called Amen Ra.

March also had College Night on its agenda. College Night was one of the most successful in its nine year history.

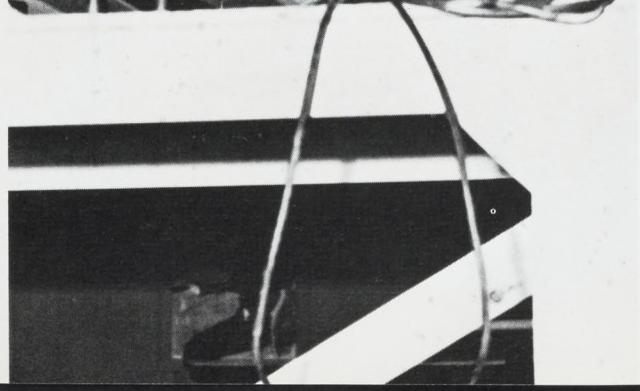

March brought back our two winners from the Notre Dame Jazz Festival.

College Night Features Section Meetings

The 10th annual College Night, held March 31, 1967, at Santa Rosa Junior College was a great success.

The evening started with exhibits in Luther Burbank Auditorium and the Doyle Student Center. A short band concert was presented by the S.R.J.C. Band, while prospective J.C. students and their parents filled the auditorium. A general meeting took place after the band

concert, with speakers Mr. Brook Tauzer, Acting President of the College, and Mr. Garth Dougan, Dean of Students. After the general meeting, the guests attended any two of the many different section meetings, where they learned what S.R.J.C. can offer them next year.

For the past nine years, College Night has always been a success and this year was no exception.

Combo Attends Jazz Festival

This year Santa Rosa Junior College was proud to have entrants in the Notre Dame Jazz Festival. The festival brings together winners from local jazz contests from all over the United States.

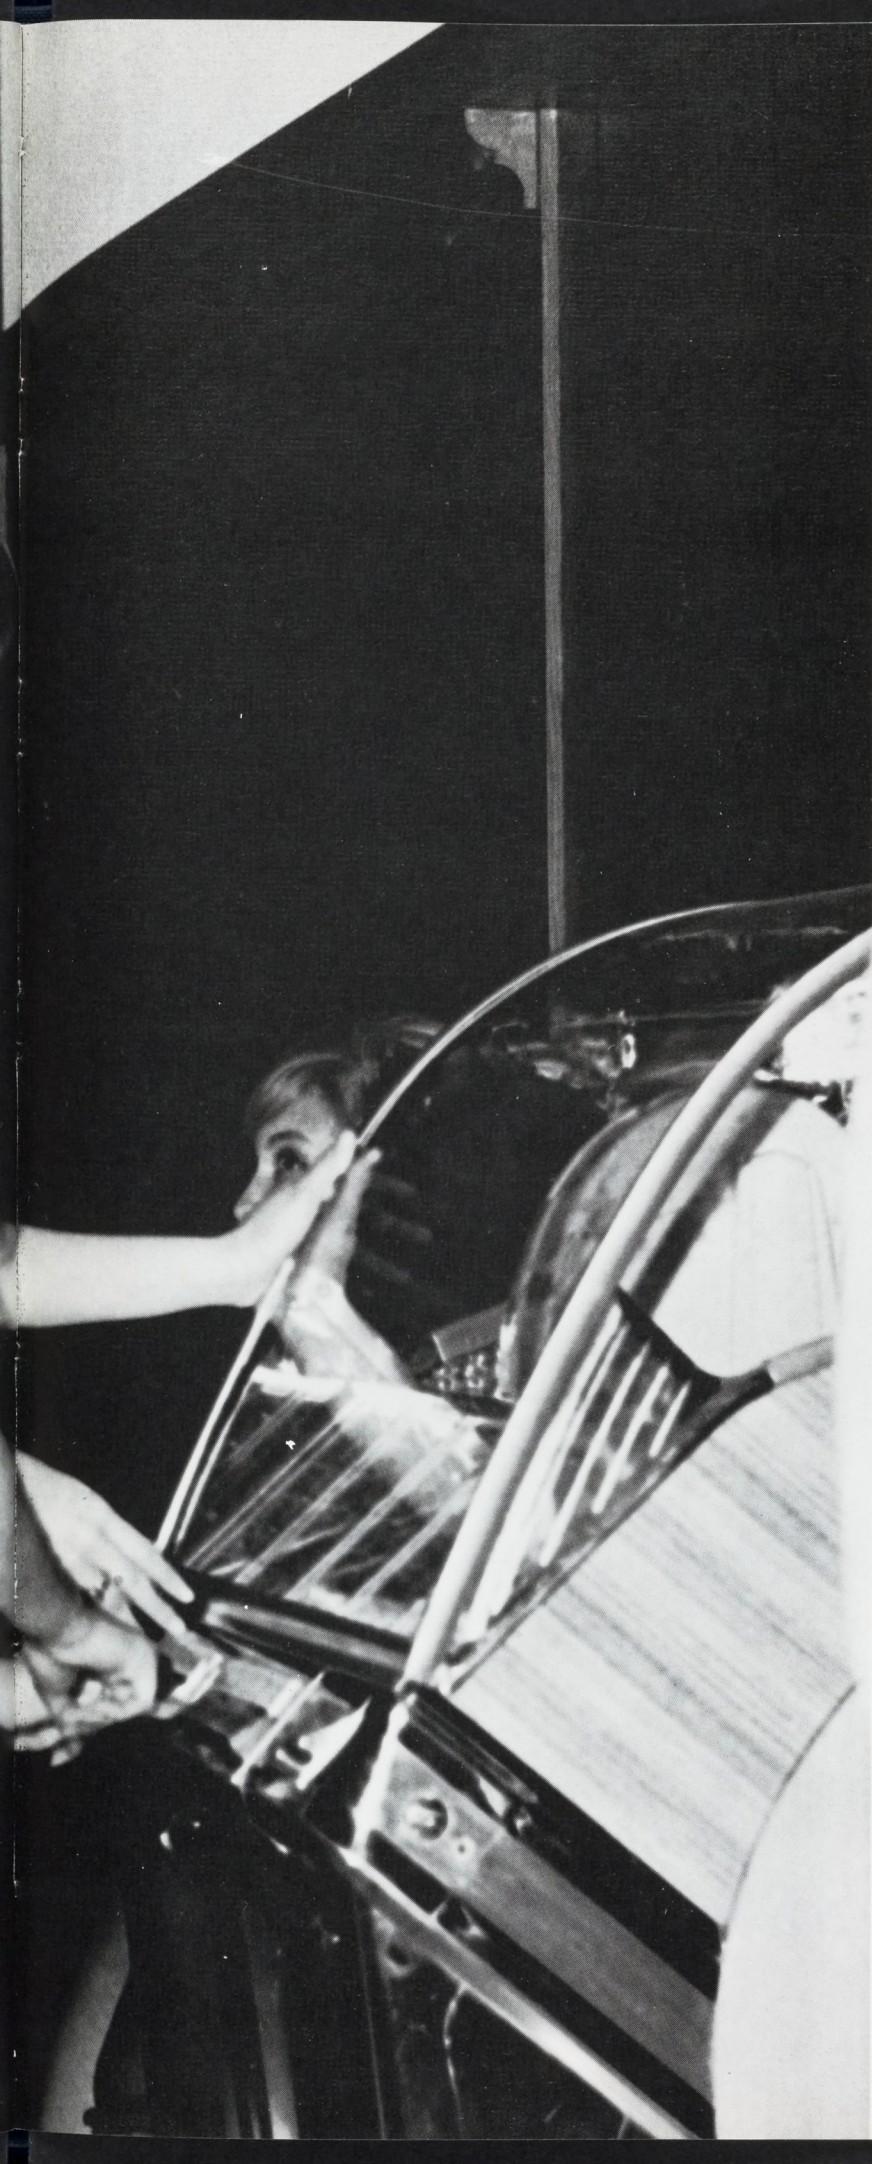

The jazz combo, 1/1=1, is made up of Mike Brandenburg, drummer, and Jack Tolson, pianist. Jack came back with two trophies, one for best performer, and another for best pianist. The combo together ranked in the top ten category, and was just edged out of a winning place by a combo from U.C. Berkeley.

The students of Santa Rosa Junior College are proud of these two young men who have proven themselves worthy of this praise.

The Patrin got off to a slow start in the fall semester. The co-editors were chosen in late September and had to begin the yearbook, which should have been started after the last deadline of the Spring Semester of 1966, completely from scratch.

The editors each brought new ideas with them, and were responsible for the first sixteen color pages in this book, and also for the division of the book into months.

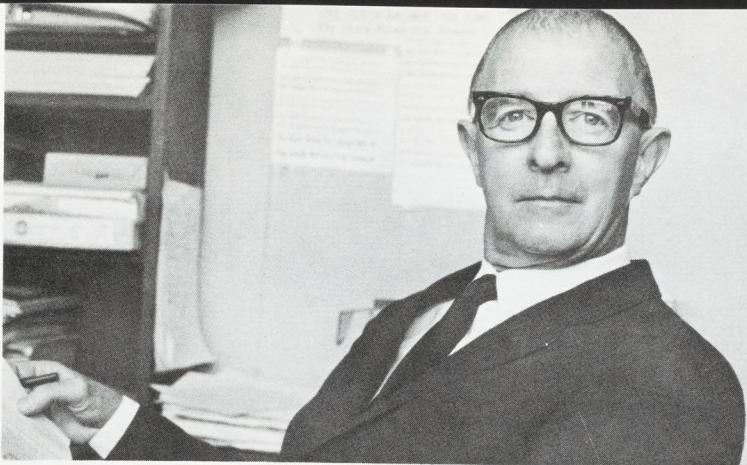

The Fall Semester's staff was made up of only freshmen and no one had had any previous yearbook experience except for the co-editors. The Spring Semester brought many new faces to the Patrin office, and these new people helped the staff tremendously.

The editors, photographers, and staff, along with their advisor, Mr. Hawkins, and Company Representative, Mr. Stephenson, worked hard to produce this yearbook and hope you enjoy the 1966-67 Patrin.

Bear Cub Nine

Are Defending Champs

The Santa Rosa Bear Cubs were well on their way to the Golden Valley Conference Championship when this page went to press. The Cubs had already won the opening double header against Redwood College to take the lead in the Coast Division with a 2-win no-loss record. Gary Lazzarini (3-0) won the opener with a 5-1 score and vet Nick Collins (4-2) won the 2-hitter nightcap 5-2. This made the Cubs 12-5 for the season, including the last five wins in a row, three of which came from the Golden Valley Conference Tournament in Marysville. Remaining games for the Bear Cubs in the Coast Division included two games with Marin, two with Napa, and one more with Redwoods. The Cubs also played two games with Solano J.C., which were non conference games.

June

June is the end of the academic year, and also marks the end of the sports season at J.C. In our June we present track, the Candidates for Graduation, the afterward and our sponsors.

June is the closing section of the Patrin, but for the graduates it is only the beginning. So to the graduates, congratulations and good luck.

Trackmen Set New Records

Coach Gary Shaw and the SRJC trackmen were doing fine up to the middle of April when this page went to press. The trackmen had many more meets, but unfortunately we were unable to print any more statistics. Coach Gary Shaw was doing a splendid job substituting for head coach Dick Blewett, who is recovering from a stroke.

The SRJC track team was a tough team to beat with record performances already set by Ted Cain, Mike Grace, and Steve Gallaher. Cain snapped Doug Hastings' 1965 record of 39.7 seconds in the 330 intermediate hurdles with a 39.1. Grace heaved the discus 149 ft. 5-1/2 in. and Gallaher broke the triple jump mark with a measurement of 45 ft. 8 in. to set new records in the Golden Valley Conference Relays.

S.B.C. Holds Turtle Races at Bear Fair

The Student Bachelors' Club came back on campus during the Spring Semester after going off campus last year.

During the Spring Semester, SBC sponsored Turtle Races at Bear Fair, on May 20th. SBC, who usually ran the tug-o'-war during Club Day, officiated at this year's, while Circle K ran the show.

Afterward

We, the Patrin staff, hope you enjoyed our presentation of the school year. We have tried to give a complete picture-commentary of the year's activities and events that would be of the greatest interest to a majority of the students.

We know that in past years the Patrin has been less than successful, but we hope that the precedents we have set this year have helped restore your faith in the Santa Rosa Junior College yearbook.

When the staff started last October, we were quite optimistic about this year's yearbook, and the accomplishments we could achieve. We know now that the job of putting together a junior college yearbook is a monumental job, and requires the help of the entire student body.

I, personally, would like to thank everyone who helped make the Patrin possible this year, especially you, the students of Santa Rosa Junior College.
